

HOMEMADE SPARKLE ORNAMENT

by hannah ostunio

supplies

- Foam ball
- Sequins in colors of your choice
- Sequin pins
- Thin ribbon
- (Optional) Rubber Cement w/ no acetone

steps

1. Start by taking one sequin and pinning it to the foam ball with a sequin pin.
2. Next, start pinning sequins in whatever pattern your heart desires. Continue pinning sequins around the foam ball.
3. Once you only have a small space left at the top of the sequin ornament, use a pin to secure the ribbon and a sequin to the top of the ball so you can hang it on the tree. If necessary, you may add a bit of rubber cement.
