## supplies

- Card stock
- Beads
- Twine or raffia
- Markers
- Scissors
- Hole-punch
- Glue gun
- Glue stick
- Small wooden or paper Christmas art

## steps

1. Cut cardstock to desired size of Christmas card. Fold in half.
2. Keep card folded and hole punch the top left corner, near fold.
3. Open card and write Christmas message or verse inside with colored markers.
4. Glue artwork onto the front of the card. Set aside.
5. Arrange 3-5 beads in Christmas-colored pattern of choice. String with jute/twine.
6. Cut twine on both ends leaving about 3 inches of twine past beads.
7. Tie and knot one end of twine that is left out to the hole in the corner of the card so beads stay in place but some twine is still left out. Fray ends of that knotted twine.
8. Attach the other end of twine that is left out of beads to a present or package of cookies.
9. Can also be looped and knotted to become a Christmas card ornament.
